What is Pingo?

Pingo is an app which allows customers to book a shared journey not served by bus at that particular time. It operates within the West Coast Motors, Campbeltown network and acts like an on demand response service.

We realise that our customers need flexible, convenient travel and that timetables don't always suit your needs.

By simply downloading the "Ride Pingo" app you can book your journey quickly and easily at a time that suits you, pay for your journey online and even track the progress of your bus.

Welcome to on demand bus travel!

Who is Pingo for?

Pingo is for everyone, with Pingo, you're in control.

When does it operate?
